BURGLARY-RESISTANT PROTECTION

KEY FEATURES

- Market leading light weight allows for easier installation.
- Burglary protection in accordance with EN 1143-1, as certified by ECB•S for Grade 0 and I.
- Composite door made from 10mm steel with an overall thickness of 35mm.
- The body is 45 mm overall, comprising the inner and outer steel walls, the space between which is filled with a multi-material burglary resistant barrier.
- 25mm diameter steel bolts secure the door, three operating horizontally and two each vertically upwards and downwards.
- Recessed door & concealed internal hinges which give a smooth finish & prevent areas of attack.
- Model 25 & above has the ability to store A4 Binders.
- The safe is prepared & anchoring kit is supplied to allow the Consul range to be securely base- or rear-fixed to resist unauthorised removal once installed.
